Reed Minerals  
Attn: Anthony Budzinski  
4718 Old Gettysburg Rd.  
Mechanicsburg, PA 17055

Dear Mr. Budzinski:

SUBJECT: EXTENSION OF QUALIFICATION TO THE REED MINERALS-  
SATSUMA, AL PLANT/QPL-22262/MIL-A-22262B-ABRASIVE  
BLASTING MEDIA

Based on the results of a capability survey conducted by Defense Contract Management Agency (DCMA, Huntsville), at your plant located at 240 Baldwin Rd., Satsuma, AL 36572-2126 (CAGE: 304S3), enclosure (1), that plant has the technical, production and quality assurance capabilities to manufacture products in accordance with the subject specification.

Qualification is hereby extended to the Satsuma, AL plant as an approved plant to manufacture your "Black Beauty" coal slag. Electronic QPL-22262 will be updated in the ASSIST Qualified Products Database (QPD) to reflect the addition of your Satsuma, AL plant.

If you have questions, you may contact the undersigned at (202) 781-3734.

Sincerely,  
*Cheryl A. Turner*
